Bedside cabinets

Nursing care

Bedside cabinets and serving trays

For sick people in need of nursing care, it is important to have their own private space just for themselves – to store personal belongings and have essential things close at hand. wissner-bosserhoff's bedside cabinets reliably satisfy this need. Furthermore, they support the patients and the nursing staff in numerous activities, such as eating or reading. The easy access from the bed helps with effective fall prevention. wissner-bosserhoff bedside cabinets are a well-matched complement for nursing home beds, and fulfill highest demands in optical and functional design.

Your advantages

Functionality and design at a glance

The wissner-bosserhoff stylo bedside cabinet series combines a homely design with innovative functions and therefore it is possible to manufacture practice-oriented product versions. Thanks to a unique mechanism, the serving tray can be easily mounted on both sides of the bedside cabinet without tools – a flexible and economic solution.

The use of drawers instead of doors on bedside table models facilitates access from the bed. Special models provide optimal access to the bedside cabinet even for low-maintenance beds. The drawers can be removed without tools and are therefore very easy to clean.

The soft closing drawers are a standard feature¹⁾ that minimize noise and the danger of entrapment.

The 5th castor, which is attached to the mechanism, and the compact design ensure an exceptional stability and load bearing capacity of up to 20 kg of the over-bed tabletop.

The overbed table is attached to the side and can be easily swung out with one hand, so that the nurse does not have to put the eating tray down.

The aluminum handles²⁾ give the vivo and vitalia bedside cabinet series their unique design and enable ergonomic access from the bed.

The models with refrigerator have a spacious capacity of 35 l and are suitable for large bottles.

The pull-out tray can be safely locked into place when it is pulled out. It is impossible to unintentionally push the pull-out tray in.

The design is closed on three sides²⁾, so it is impossible to push the drawers through to the wall

Top plate with rounded edges²⁾

Locking mechanism of the pulled-out tray

Adapter²⁾ to easily change the side of the overbed table top without tools (left/right)

Aluminum handles²⁾: Design feature and guarantee for ergonomic handling

Additional comfort for patients and staff with soft closing drawers¹⁾

vivo

Design meets functionality

The vivo bedside cabinet series create a cozy and peaceful atmosphere. The rounded top board and the smooth rounded profiles add to the elegant and modern appearance. Low bedside cabinets, integrated overbed table mechanisms, optional pull-out trays and models with a refrigerator leave nothing to be desired.

vitalia

Robust design with clear lines

The vitalia bedside cabinet series stands out due to its decorative details, such as the rounded top board, the high-quality, wide side panel and ergonomically shaped aluminum handles. As an option, the bedside cabinets can be equipped with full-length handles, which make access to the drawers even easier for the resident.

vt

A tried and tested classic

The vt bedside cabinet series is the budget-friendly basic model in the portfolio of wissner-bosserhoff bedside cabinets. The tried-and-tested details of the vt models are quite impressive. Stable steel frames, high-quality ABS edges on all components of the bedside cabinet, as well as the rounded top board* give the bedside cabinet its unmistakable character.

stylo

For the highest hygiene requirements

The stylo bedside table series combines a homely furniture design with innovative functions. The surfaces used allow for easy and thorough cleaning of the bedside tables to ensure the highest hygiene standards. Robust drawers with integrated bottle holders keep things tidy. Full-length handles guarantee easy accessibility even from the bed.

The compact design and the separate 5th castor in the version with dining tray support fall prevention thanks to their exceptional stability and tilt resistance.

Robust drawers with integrated bottle holder keep things tidy. Throughhandles[®] guarantee easy accessibility even from the bed.

The design of the LE variant enables double-sided use thanks to slide-through drawers.

stylo 3-LE

The light version (LE) of the stylo series has narrower outer dimensions, which simplifies the handling of the bedside table. The bedside table top is fixed, but still usable on both sides.

stylo 5-k

Swiveling on both sides of the table top by 30° and 60°

Additional operating convenience for patient and nursing staff due to soft retracts

The height adjustment allows an optimal positioning

Easy and tool-free side change of the bed table top (left/right)

Exceptional stability and tilt resistance thanks to 5th castor and compact design

Very spacious refrigerator with 35 liters capacity

Higher product features provide further storage space and an additional intermediate compartment

Serving tray

Flexible mobility

The serving tray is extremely mobile, making it a practical aid in daily nursing care. It can be pushed up to the bedside cabinet, the bed or armchair, transport chair and wheelchair as needed. It is mainly used as a table replacement. The practical one-handed operation is also a very useful feature.

stylo s3
The overbed table is height adjustable and can be tilted. It also has the flexibility to be adjusted for different purposes such as when eating, or to provide support for activities such as reading.

stylo s4
The larger overbed table also increases the comfort for patients who cannot leave the bed. Thanks to the fixed over-bed tabletop, the s4 serving tray is extremely stable.

stylo s4-t
The lateral tilting function is a comfortable reading or eating support for the resident. Drinks can be put down on a fixed shelf space while the over-bed tabletop is tilted.
